

**ARCADIA**

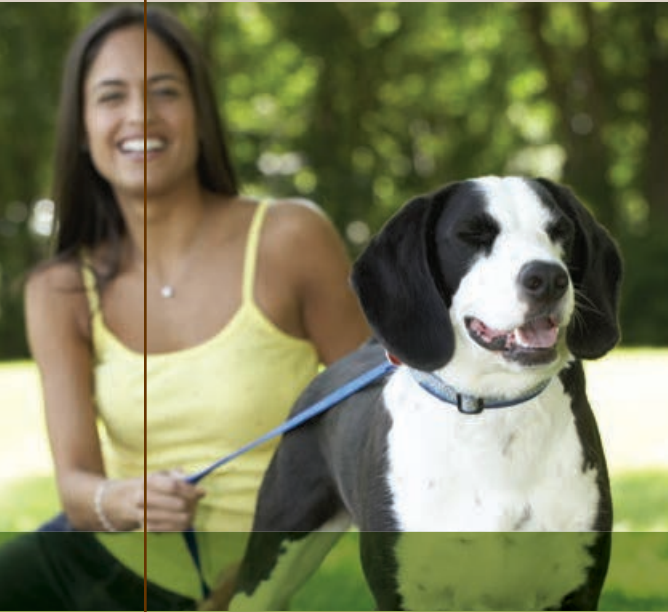

**A NATURAL WAY OF LIFE**

**WELCOME TO ARCADIA  
A GREAT PLACE TO PUT DOWN ROOTS**

## HOMES THAT FIT YOUR LIFESTYLE

**Condominiums:** Live life to the fullest with a low-maintenance condominium. You'll enjoy an open spacious home, the security of a private entry, and the option for an attached garage.

**Towne Homes:** A towne home provides more living space without the maintenance. You'll also have the freedom to personalize, choosing from a variety of interior finishes.

**Patio Homes:** You'll love having the privacy of your own single family home without the yard maintenance. Select from a portfolio of no-step, single-level home

designs, or expand your space with an optional finished lower level.

**Single Family Homes:** Distinctive exteriors. Exceptional architectural detailing. State-of-the-art energy-saving features. Whether you're looking for a more traditionally-styled floor plan or one with an open room arrangement, you'll find a variety of homes you can customize to fit your needs.

Imagine a neighborhood that's a true tribute to the land. That's Arcadia – different than any community you've ever experienced. The first of its kind in Campbell County, it's also the first community brought to you by two premier hometown builders long associated with outstanding value and innovative design: Drees Homes and Fischer Homes.

In planning Arcadia, we've carefully designed the community to complement the natural features of the land. From the pastoral entryway to the abundance of open space with plentiful trees, Arcadia blends the beauty of nature with places for residents to gather. Take a walk on the nature trails, relax at the clubhouse, or unwind with a dip in the pool. Arcadia offers something for everyone to enjoy.

## AMENITIES DESIGNED WITH NATURE IN MIND

Our most important amenities at Arcadia take full advantage of the land. Several nature trails, walkways and points of reflection not only provide plenty of connectivity, but create a gentle balance

between nature and architecture. Of course, there are also many opportunities to socialize. In addition to our natural amenities, Arcadia features play areas and a clubhouse with a party room and pool.

## A LOCATION AT YOUR CONVENIENCE

The first community of its kind in Campbell County, Arcadia is located right off U.S. 27 in Alexandria, Kentucky. Just 15 minutes from downtown Cincinnati, it's easily accessible to restaurants and shopping.

For more information about the exciting new Arcadia community, contact Drees Homes or Fischer Homes.
